

HyDratec Scandinavia AB  
Hallsbergterminalen 11  
694 35 Hallsberg

Reference: Life expectancy

TO WHOM IT MAY CONCERN

Hydratec Scandinavia is the supplier of HyDra Liquid Rubber and the HyDra Joint Filler. Both products are applicable above ground level, below ground level and for inside solutions.

All products have their own product warranty with a period for 10 to 25 years, depending on the specific application. If used below ground level or inside it is generally to be assumed that the products will last at least the life expectancy of buildings, generally more than 100 years. Please consider the legal product warranty for all regulation and requirements.
