LETTER OF CERTIFICATION

Mr. Ulf Oster  
Haucon ALS  
Laegaardsvej 19  
Lystrup, Demark  
DK-8520

Re: Bro-Cure Certification

Dear Ulf,

This letter certifies, to the best of our knowledge, that Nox-Crete's Bro-Cure, following sufficient time for curing, will not leave or deposit any chemical substance or residue that would be considered hazardous to human health when properly applied as a concrete cure to fresh concrete in a potable tank application.

Sincerely,

A handwritten signature in black ink, appearing to read 'Michael A. Linn', written over a light blue horizontal line.

Michael A. Linn
